

Headache – Frank Black
From the album Teenager of the Year

F#

[chorus]

B F# E
This wrinkle in time I can't give it no credit
G#m F# (could use E and F#)
I thought about my space
G#m F# (could use B and F#)
And it really got me down
B F# E
Got me so down I got me a headache
G#m F# (could use E and F#)
My heart is crammed in my cranium
G#m F# (could use B and F#)
And it still knows how to pound

[bridge]

E F# G#m A
I was counting the rings and I fell me into a sleep
B C# D# E
I peeked to see if you were way back when
E F# G#m A
I was counting the trees until a day when there was one
B C# D# E D#/A#
I hoped beneath asleep is where that you had been. ^^^^

[repeat the chorus again]

[bridge 2]

A E
But I found you
A G#m F# B
Maybe you can help me and I can help you

[outro]
