Baby we can make it if we're heart to heart

standing strong forever

Nothing's gonna stop us now
E
And if this world runs out of lovers,
C#m
we'll still have each other
A B D/F# B
Nothing's gonna stop us, nothing's gonna stop us now

see it through the bad times

Whatever it takes is what I'm gonna do

This should be changed:

The key changes a semitone upwards at the break point (where the solo starts, until the end of the song.)

The correct chords for the last parts of the song are:

F, Dm, Bb, C

And extra info:

The solo is just played around the Em pentatonic (12th fret).
