[Verse 1]

Am G
Tired of drifting, searching, shifting through town to town
Am G
Every time I slip and slide a little further down
Cm7 F
I can't blame you if you won't take me back
Cm7 F
After everything I put you through
Bb
But honey, you're my last hope
Cm F
And who else can I turn to

[Chorus]

Bb
Come on Silver Lady, take my word
Dm
I won't run out on you again, believe me
Eb Gm F
Oh, I've seen the light, it's just one more fight, without you
Bb
Here I am a million miles from home
Dm
The Indiana wind and rain cut through me
Eb Ab
I'm lost and alone, chilled to the bone
Bbm G
Silver Lady

[Verse 2]

Am G
Double talkers, backstreet walkers at every turn
Am G
Seedy motels and no star motels, still I had to learn
Cm7 F
That the one shining thing in my mind
Cm7 F
Was the sweet love I had with you

And honey, you're my last hope
And who else can I turn to

[Chorus]

Come on Silver Lady, take my word
I won't run out on you again, believe me
Oh, I've seen the light, it's just one more fight, without you
Here I am a million miles from home
The Indiana wind and rain cut through me
I'm lost and alone, chilled to the bone

[Bridge]

Can't you find it in you to forgive me
Cos here I am a million miles from home
The Indiana wind and rain cut through me
I'm lost and alone, chilled to the bone
Silver Lady

[Chorus]

Come on Silver Lady, take my word
I won't run out on you again, believe me
Oh, I've seen the light, it's just one more fight, without you
Here I am a million miles from home
The Indiana wind and rain cut through me
I'm lost and alone, chilled to the bone
